

Midnight's Children

Born at the stroke of midnight, at the precise moment of India's independence, Saleem Sinai is destined from birth to be special. For he is one of 1,001 children born in the midnight hour, children who all have special gifts, children with whom Saleem is telepathically linked. But there has been a terrible mix-up at birth, and Saleem's life takes some unexpected twists and turns. As he grows up amidst a whirlwind of triumphs and disasters, Saleem must learn the ominous consequences of his gift, for the course of his life is inseparably linked to that of his motherland, and his every act is mirrored and magnified in the events that shape the newborn nation of India. It is a great gift, and a terrible burden.
