

Lunch with Lucille

Lunch with Lucille is the first in a series of novels by Annarose Ingarra-Milch about the fun-loving, sassy lady named Lucille. Although the story is fictional, Lucille is based closely on the authors mother--a woman with style, wit and a strong sense of purpose. With her indomitable spirit, and wisdom, Lucille captivates her lunch guests with life-affirming stories AND her four-diamond brooch. While attractive to look at, its significance is much more than decoration, and the secrets behind its meaning will inspire you to incorporate some important lessons into your own life.
