

Tom Clancys Op-Center: Mirror Image (Paragon Softcover Large Print Books)

2 cassettes / 3 hours Read by Jay O. Sanders The second blockbuster novel in the Op-Center series. The Cold War is over. And chaos is setting in. The new President of Russia is trying to create a new democratic regime. But there are strong elements within the country that are trying to stop him: the ruthless Russian Mafia, the right wing nationalists, and those nefarious forces that will do whatever it takes to return Russia back to the days of the Czar. Op-Center, the newly founded but highly successful crisis management team, begins a race against the clock and against the hardliners. Their task is made even more difficult by the discovery of a Russian counterpart . . . but this one controlled by those same repressive hardliners.
