

## Montana 1948: A Novel

The events of that small-town summer forever alter David Haydens view of his family: his self-effacing father, a sheriff who never wears his badge; his clear sighted mother; his uncle, a charming war hero and respected doctor; and the Haydens lively, statuesque Sioux housekeeper, Marie Little Soldier, whose revelations are at the heart of the story. It is a tale of love and courage, of power abused, and of the terrible choice between family loyalty and justice.
