

Survival in the Ashes

We have to shift our base of operations and secure the rest of the world, country by country. We cannot permit our ideals and goals to die. --Ben Raines

Hell On Three Sides

Ben Raines and his freedom-fighting guerrillas are camped along the banks of what was once the Mississippi River, plotting strategy and readying weapons. A massive pack of heavily armed troops looms on the horizon, marching straight for the Rebels. They are the insidious mercenaries of Kenny Par and Lan Viller, and by midday only the Mississippi separates Raines from the ten thousand blood-hungry warriors all sworn to turn the Rebels dream into a hellish nightmare. Just as Ben formulates a brilliant battle plan, a Rebel scout reports that the fanatical assassins of Sister Volentas Ninth Order are approaching from Bens back. The Rebels will soon be surrounded by freedoms deadliest foes, and a defeat for Raines would mean the end of the Rebel dream. But victory, if he can pull it off, could be the beginning of a new America.
