

## Talking It Over

Winner of the Man Booker Prize for Fiction 2011. Shy, sensible banker Stuart has trouble with women; that is, until a fortuitous singles night, where he meets Gillian, a picture restorer recovering from a destructive affair. Stuarts best friend Oliver is his complete opposite - a language teacher who talks like a dictionary, brash and feckless. Soon Stuart and Gillian are married, but it is not long before a tentative friendship between the three evolves into something far different. Talking it Over is a brilliant and intimate account of loves vicissitudes. It begins as a comedy of misunderstanding, then slowly darkens and deepens, drawing us compellingly into the quagmires of the heart.
