

Tell Me Something

Sunday Times bestselling author Adele Parks asks can dreams live up to reality in her addictive novel set in glorious sun-drenched Italy, where a marriage crumbles, cultures clash and love affairs begin...When Elizabeth and her Italian husband Roberto decide to leave London for romantic Italy and his family business, Elizabeth hopes the change in lifestyle might help boost her chances of conceiving their longed for child. But the idyll shatters as her wily mother-in-law seems bent on destroying her marriage, and Roberto's beautiful, significant ex is a constant unwanted presence. Unwanted by Elizabeth, at least. Is Elizabeth's ferocious hunger for a baby enough to hold a marriage together or is it ripping it apart? And what about the gorgeous American stranger who suddenly walked into her life? *Includes bonus material*
