

Texas Heat (Texas Series)

The magnificent Austin empire built by the domineering Seth Coleman before World War II now belongs to Moss and Billies daughter Maggie. She has invited the whole family to a Fourth of July barbecue in celebration of a renewed sense of family pride shes determined to forge at Sunbridge. But as loved ones gather, they bring along old resentments and new temptations destined to generate more than a little heat. Maggie has finally decided to divorce Cranston Tanner. But as she struggles to be a good mother to her resentful son Cole, her love for a special man could cost her the loyalty of her family. In the meantime, Cole becomes locked in a bitter rivalry with his cousin Riley, heir apparent to Sunbridge, while Maggies broken-hearted daughter Sawyer is about to face a much greater tragedy. And Maggies sister, Susan, the renowned musician, arrives home for the most terrifying performance of her life.
