

The Angel Experiment

Ten strangers. And one alien angel with a ticking clock. And so the angel experiment begins. With two pills a day. Whatever they have lost, will be found. Whatever they need, they will get. No loneliness. No stutter. No addiction. No anger. No dead-end career. No soul-killing despair. But as the ancient maxim says, beware of getting what you wish for. The world will never be the same. This is a book about everything.
