

Moon Tide: A Novel

Lush and fiercely beautiful, *Moon Tide* follows the lives of three women in a small fishing town on the Massachusetts coast, from 1913 to the Great New England Hurricane of 1938. With lyrical prose, wisdom, and insight, Dawn Clifton Tripp maps the shifting tensions in a small town on the verge of change. Like the growing weight of a storm, the lives in Westport Point build in emotional momentum even as the storm approaches, and the landscape of the earth comes to reflect the geography of the mind. A novel of love and loss, survival and revelation, *Moon Tide* is an extraordinary debut.
