

The Breakdown Lane

An advice columnist for a local newspaper, Julieanne Gillis dispenses wisdom to her readers, but somehow missed the signs that something was amiss in her own home. Devoted to being a good mother and keeping her twenty-year marriage fresh and exciting, she is shocked by her husband's surprise announcement that he needs a sabbatical from their life together and devastated when he disappears, leaving Julie with no funds to raise two teenagers and a small daughter alone. But it is the discovery that Julieanne suffers from a serious illness that truly crumbles her family's foundation, setting her children on a dangerous, quixotic journey to locate their missing father before it's too late.
