

## The Burma Legacy

Sam Packer, hero of Firehawk and The Lucifer Network, has a new assignment that will combine all his diplomatic and survival skills. Fifty-five years after the end of World War Two, Tetsuo Kamata is a wealthy businessman, but he was once an interrogator in a Japanese Prisoner of War camp. One of his victims, Peregrine Harrison, recognizes him. Harrison never got over his maltreatment at Kamatas hands and has dreamed of killing him ever since. Now he has his chance. But if Kamata dies, so do the livelihoods of hundreds of car factory workers. M16 officer Sam Packer is diverted from his hunt for ex-SAS drug trader in Thailand and given the order to stop Harrison. The search takes him deep into Harrisons past and to the poppy fields of the Golden Triangle. To save Kamata from execution Packer must penetrate an alien and hostile world, a quest which brings him face to face with the very drug lords who have sworn to kill him.
