

The Butt: A Novel

John Gray meets Joseph Conrad, Apocalypse Now meets Graham Greene, Russell Hoban meets Mad Max, J. G . Ballard meets himself. From the flip of the butt onward, Sartre presides over it all. Guardian When Tom Brodzinski flicks his last cigarette out of his hotel window, he inadvertently sets off a chain of events that threaten to upset the tenuous balance of peace in a not-too-distant dystopian land. A profoundly disturbing allegory, The Butt reveals the heart of a distinctly modern darkness.
