

## The Irda (Dragonlance Lost Histories, Vol. 2)

In the Beginning . . . Given life by gods, the Ogres were the most intelligent and beautiful of the early races on Krynn, and they reigned supreme in their perfect kingdom . . . Until that fabled race was weakened by clan rivalries and evil ambition, their downfall orchestrated by the hand of the Dark Queen, Takhisis . . . Until the once-proud Ogres were cursed by their own mistakes and transformed into one of Krynn's most ugly, despised, and villainous species . . . All except a small group, the Irda, who learned to accept goodness, fight for their freedom, and escape to build a utopian civilization of their own on a paradise island in the Dragon Isles. The Irda The Lost Histories Series probes the historical roots and epic struggles of the heretofore little-known peoples of Krynn. Author Linda P. Baker sheds light on the legendary origins of this mysterious race, The Irda.
