

## The Hidden Man

Another exhilarating thriller from Edgar Award winner David Ellis, introducing the new series protagonist Jason Kolarich. Jason Kolarich is a midwestern Everyman with a linemans build and an easy smart-ass remark. Hes a young, intelligent maverick, but hes also struggling with an overwhelming emotional burdenone that threatens to unravel his own life, and possibly the lives of those around him. Twenty-seven years ago, two-year-old Audrey Cutler disappeared from her home in the middle of the night. She was never found. All the detectives had to go on were vague eyewitness accounts of a man running down the Cutlers street, apparently carrying someone. Without enough evidence to suggest otherwise, Griffin Perlinia neighbor with prior offenses against minorswas arrested, but never convicted. The case is long closed when Perlini is murdered nearly thirty years later. Now a man named Mr. Smith appears in Jason Kolarichs office, saying only that he represents a third party who wants the man charged with murder off the hook and that Kolarich is perfect for the job. The new client: Audrey Cutlers older brother, SammyKolarichs estranged childhood best frienda man he hasnt seen in nearly twenty years. But when Kolarich starts receiving violent threats from Mr. Smiths enigmatic employer, he figures out that the secrecy behind this nameless third partyand the key to winning Sammys caseis entangled with the mystery of Audreys disappearance. With his own life and Sammys in the balance, Kolarich has to put aside not only the mounting anxiety of the job but also a heart-wrenching personal tragedy in order to find out what really happened to Audrey all those years ago.
