

## The Killing Tree: A Novel

Its the summer after Mercy Heron graduates from high school, and shes living in the household of her domineering grandfather and a grandmother whose behavior has always been erratic--some folks even call it crazy. Theyve raised Mercy since her mother died giving birth to her under the June apple tree, after Father Heron locked her out and ignored her pleas for help. Mercys days are spent working at the local diner, and hanging out with her wild best friend Della. Unlike Della, shes never seriously considered leaving the insulated community on Crooked Top mountain. Not until that summer when she meets Trout, a man who opens Mercys eyes to a world beyond what shes known--both physically and emotionally. Their relationship must be kept secret, because Father Heron wont approve of his granddaughter being involved with a migrant worker. But when Mercy tries to escape, shell learn just how powerful, and ruthless, her grandfather can be. And the truth of her past will threaten to forever bind her to the mountain. (2009)
