

The Orfalinda Trilogy: and Other Early Writings

In the set of title stories, a quiet teacher gets romantically involved with two Mexican-American former students-mother and daughter. (Oh my!) The final selection finds the author delivering the keynote address at a nudist convention. (Oh my, oh my!) Actually, its all quite tastefully done. Sandwiched between are provocative poems, Jehovahs Christmas monologue, Boy Scouts around the campfire, royal genealogy, and Americas social classes skewered. With wise and witty commentary, the mature author looks back on the very best of my juvenilia. The writing is concise, thoughtful, powerful.
