

The Penultimate Chance Saloon

On the verge of his 60th birthday, Bill Stratton's wife told him she was leaving for another man. He'd been under the impression they had a happy marriage. She assured him that since the second week of their honeymoon, she'd known she'd married the wrong person. This all came as a bit of a shock to Bill. And now, after a little soul searching, Bill Stratton, a mildly famous television newsreader who managed to hold on to (most of) his looks, is about to discover the world of post-menopausal dating.
