After the planes nose-dive into the remote rainforest forces them to fight for survival, Abbie catches tantalizing glimpses of the complicated man behind the image. And the more she sees of him, the more he touches some primal part of her that she is determined to suppress. But after a devastating encounter with Winters shadow side, Abbie's detachment is shattered. On returning to normal life, Abbie cannot forget what happened, nor ignore the shocking rumours about the stars private life. Her struggle to make sense of her torment leads straight back to Winter, who is just as obsessed by her. But if they are to have a relationship, Abbie knows she must embrace his hidden desires...and accept her own.
