

First Lady, 2nd edition

This sequel to Madam President continues to chronicle the lives of Lauren Strayer and Devlyn Marlowe. Planning a wedding is never easy. However, most brides don't face the challenges that Lauren Strayer does. Her beloved comes with a ready-made family, something the biographer never imagined for herself. In addition, Lauren's father thoroughly disapproves of her future mate, the nation's first female president. As Lauren tackles both the public and private challenges of becoming first lady, Devlyn faces the demands of trying to balance between being a mother and partner with the terrible stress of being leader of the only remaining superpower.
