

The Red Thread

Published to glowing reviews on three continents—the London Sunday Times calls it exquisite, the Australian Bookseller & Publisher completely enchanting, and Elle in the U.S. elegant and haunting—The Red Thread is now available in paperback. Set in contemporary Shanghai, this elegant and seductive love story revolves around Shen, an art appraiser, and Ruth, a young Australian woman, who find their lives strangely mirrored in Six Chapters of a Floating Life, an actual centuries-old Chinese manuscript that is missing the final chapters. A moving and richly layered novel, The Red Thread interweaves love and destiny, art and beauty, and the passion that ties one person to another forever.
