

The Rum Diary (Library Edition)

[This is the Audiobook CD Library Edition in vinyl case.] A New York Times Notable Book of 1998 ** Now a major motion picture starring Johnny Depp, Amber Heard, and Aaron Eckhart ** Begun in 1959 by a then twenty-two-year-old Hunter S. Thompson, *The Rum Diary* is a brilliantly tangled love story of jealousy, treachery, and violent alcoholic lust in the Caribbean boomtown that was San Juan, Puerto Rico, in the late 1950s. The autobiographical hero, a young writer dreaming of Hemingway but stuck in a dead-end newspaper job, embarks on a carousing, hell-raising journey through the tropics. Along the way, he comes between a wild-spirited comrade and his temptress girlfriend and gets in the middle of a violent clash between the island culture and the encroaching American tourist values. Exuberant and energetic, *The Rum Diary* is an outrageous, drunken romp in the spirit of Thompson's bestselling *Fear and Loathing in Las Vegas* and *Hells Angels*.
