

The Victory Club

In times of war, sometimes victory seems like an impossible dream. In 1943, the women of America banded together to make a life for themselves while their husbands and sons fought overseas. Even as the men engaged in war, these women faced battles of their own on the homefront. Margo, Dottie, Lucy, and Penny never expected to face the hardships they must now find a way to conquer. But through the power of Christ and the power of friendship, perhaps this Victory Club will achieve more than any of them could have ever imagined.
