

## The Steam Pig

In this crime story a body of a woman is sent to the police surgeon by mistake. He discovers that she died not from cardiac weakness, but from an almost imperceptible wound made by a bicycle spoke - a method of murder peculiar to certain Bantu gangsters. James McClure won the Crime Writers Association Gold Dagger for *The Steam Pig* and later won the Silver Dagger for one of his other novels. He has also written a number of short stories and two works of non-fiction on policing in Liverpool and San Diego.
