

The Truth (Discworld) (Isis)

William de Worde is the accidental editor of Discworld's first newspaper. Now he must cope with the traditional perils of a journalist's life - people who want him dead, a recovering vampire with a suicidal fascination for flash photography and, worst of all, the man who keeps begging him to publish pictures of his humorously shaped potatoes. William just wants to get at the truth. Unfortunately, everyone else just wants to get at William. And it's only the third edition...
