

Fabulously Fashionable: A Novel

Twenty-eight-year-old Isabel Bookbinder has figured some things out: she's moved in with her loving lawyer boyfriend, and despite her mother's adoration of all things matching, she's finally discovered her true calling: fashion design. After all, she knows her Manolos from her Louboutins, her Puccis from her Prada, and she's always poring over fashion magazines (the celebrity pages of fashion magazines, that is). She's even landed a position with Nancy Tavistock, editor at top fashion magazine *Atelier*, and creative muse to hot designer Lucien Black. So learning from the very best, the future's looking bright for Isabel Bookbinder: Top International Fashion Designer. Within days she's putting the final touches on her debut collection, has dreamed up a perfume line (*Isabelissimo*), and is very nearly a friend of John Galliano. Yet nothing ever runs smoothly for Isabel, and fabulously fashionable as her life may be, it soon seems to be spiraling a little out of her control. With her characteristic humor, charm, and tendency to stumble into sticky situations, Isabel Bookbinder is an irresistible heroine you're sure to fall in love with.
