

Evans Promise

Evan Michaels was devastated as a child when his mother abandoned him. He made a promise then to never again get close to anyone. At twenty-seven, Evan had kept his promise, until he began dating Jena, a girl he was intrigued with. Before retiring, Jena's father was in charge of a drug bust that seized a small amount of drugs. The vehicle impounded in the bust was full of cocaine hidden in a modified gas tank. The dealer was sent to prison for three years. Upon learning his drugs were later stolen, he mentally snapped. He hid his craziness well and was later released, where he began to carry out his plans to kill those people he felt wronged him. That included Jena's father and family. Evan is continually torn between his childhood promise and his feelings toward Jena. After she is kidnapped, Evan is forced to make the most important decision of his life.
