

Tony and Susan

The novel that inspired the 2016 major motion picture *Nocturnal Animals*, starring Jake Gyllenhaal and Amy Adams, is a dazzling, eerie, riveting thriller of fear and regret, blood and revenge. Many years after their divorce, Susan Morrow receives a strange gift from her ex-husband. A manuscript that tells the story of a terrible crime: an ambush on the highway, a secluded cabin in the woods; a thrilling chiller of death and corruption. How could such a harrowing story be told by the man she once loved? And why, after so long, has he sent her such a disturbing and personal message...?
