

Heliopolis

As a child Ludo is plucked out of the shantytown where he was born and transported to a world of languid, cosseted luxury. Now twenty-seven, he works high above the sprawling metropolis of Sao Paulo for a vacuous communications company. But this is not his world, and this is not a simple rags-to-riches story: Ludos destiny moves him around like a chess piece, showing him both extremities of opulent excess and abject poverty, taking him to the brink of madness and brutality. By the author of *The Amnesia Clinic* and winner of the Somerset Maugham Award.
