

White Death: A Novel From The Numa Files

A New York Times Bestselling Author Hailed as a hero for the new millennium, Kurt Austin is the leader of NUMA's special assignments team -- and the threat before him now is definitely special. A confrontation between a radical environmentalist group and a Danish cruiser has forced Austin and colleague Joe Zavala to come to the rescue of a shipful of trapped men, but when the two of them investigate further, they discover something far more sinister at work.
